Comment by Marinko Došen, President of the Management Board

A business environment that is becoming more dynamic requires us to introduce continuous changes and adjustments of business systems. Our plans are market-oriented, we follow the trends and specifics of the industry in which we operate, but also we are equally persistent in achieving our vision.

In the first nine months we have achieved operating revenue in the amount of 736 million kunas at the level of the Group, which was 4.9% lower than the revenue realized in the same period last year.

Sales in the European market is slightly lower due to somewhat smaller orders from the customer Hella, but revenue is almost at the level of last year. Revenue in the Russian market decreased by 10.7%, but this is less than the overall decline in car sales in the first nine months in Russia. Although car sales in the Russian market are still decreasing, market is gradually stabilizing.

In spite of that, our cost efficiency is continually improving, and the fact is that our operating expenses declined significantly more than revenue. It is not surprising, therefore, that EBITDA and EBITDA margin have been increasing steadily. As I have repeatedly stated, an optimization of business efficiency, especially on the market of the Russian Federation, and reduction of total liabilities are on one of the key goals in this year.

I particularly want to emphasize the new deals for Fiat and Volkswagen which have been agreed in the past few months, whose realization is planned in the next year. This way we once again confirmed our quality because in today's automotive world a delivery of results with the expected quality within the clearly set deadlines is what makes the difference. New deals prove that we have set a good foundation for further development and growth of our business.

Financial results for the first nine months

AD Plastik Group, which consists of

- AD Plastik d.d. Croatia,
- ADP d.o.o. Serbia,
- AD Plastik d.o.o. Slovenia,
- AO AD Plastik, Vintay, Russia,
- ZAO AD Plastik Kaluga, Russia

(hereinafter: AD Plastik Group) in the first nine months of 2016 recorded operating revenue in the amount of 736 million kunas which is by 4.9% less compared to the same period last year.

Operating revenue of AD Plastik d.d. decreased by 1.3%. Car sales on the Russian market in the first nine months of 2016 decreased by 14.4% compared to the same period last year, while revenue from the Russian market at the level of AD Plastik Group decreased by 10.7%. In the observed period AD Plastik d.d. generated a stable revenue at the level similar to last year's level, but due to the fact that the sales revenue is generated only on foreign markets, a weakening of the euro exchange rate had a negative impact on revenue expressed in kunas.

The decline in operating expenses of the Group in the observed period is higher than the decline in operating revenue, which resulted in realized EBITDA in the amount of 99.4 million kunas compared to 87.7 million kunas realized in the same period of the previous year. Cost efficiency improvement has increased the EBITDA margin from 11.3% to 13.5%.

In the first nine months of 2016 AD Plastik Group achieved operating revenue in the amount of 31.2 million kunas, which is 3.5% less than the net profit in the same period last year, and this is mainly a consequence of the realization of foreign exchange differences from comprehensive income.
